2. Before requesting **emergency assistance**, check that the circumstances are covered by **your** policy. Remember this is not a maintenance policy and does not cover routine maintenance in **your home**.
3. If **your emergency** is boiler related **you** should have **your** boiler make and model and service details ready when **you** contact the helpline. Remember **you** must produce evidence to our **approved engineer** that the boiler has been serviced to the manufacturers specifications within the last 12 months for **primary heating system** cover to apply. **Primary heating system** cover must also be shown as included on **your policy schedule**.

The helpline and the **approved engineer** will have reasonable discretion as to when and how work is undertaken and this will be based on the details provided by **you**.

The use of this service does not constitute a claim under **your** policy.

Replacement of parts or components

We reserve the right to use non genuine replacement parts supplied from third parties in addition to those parts that may be sourced from the manufacturer or their approved suppliers. **We** are not responsible for any loss, damage or inconvenience resulting from a delay in obtaining or receiving delivery from the relevant supplier of any spares. When replacement parts are received, **we** will contact **you** to arrange a suitable time slot for the **engineer** to attend. **You** should make sure that the **engineer** can get reasonable access to carry out the repair.
